EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Dubois on November 15, 2004.

The application has been amended as follows:

Claim 1 has been amended at part c, line 2 to change "between 2 and" to ---exceeding 2 and below--.

Claim 5 has been amended to maintain its dependency on claim 1 by inserting ---above 2 and--- in line 3, after polymerization.

Support for this amendment is provided in the specification at page 12, lines 19-25.

The following is an examiner's statement of reasons for allowance:

Applicants' amendment to the claims and declaration together are sufficient to overcome the art of record. None of the references of record show an edible composition of the viscosity of the claims that has the

combination of an indigestible oligosaccharide, calcium having a particular solubility of the claims together with pectin or alginate.
